

I am commenting on the station K-LOVE. This station is a wonderful station, it is the main station I listen to. It is encouraging and positive. It has a good impact on this community. If it were not here we would not have any Christian broadcasting like it. It is good for Christians and non-Christians. For Christians it is encouraging and for non-Christians it is a way for them to hear about Jesus. This is my favorite station and I do not want it to get taken off the air. I listen to K-LOVE while I drive cab, which is about 12 hours on the days I work, and I don't get tired of it. It is very good for the community. I know that I am not as eloquently spoken as some (or a very good speller), but I am an avid supporter of K-LOVE. Please let K-LOVE stay on the air.
